

Utterly Amazing Dinosaur Fossils

.....

Answers

Stage 1

a) Its body is quickly buried in sand and mud

Stage 2

The parts that rot away are the skin, muscles and organs. The teeth and bones don't rot away and may become fossils.

Stage 3

b) Minerals in the water and the ground

Stage 4

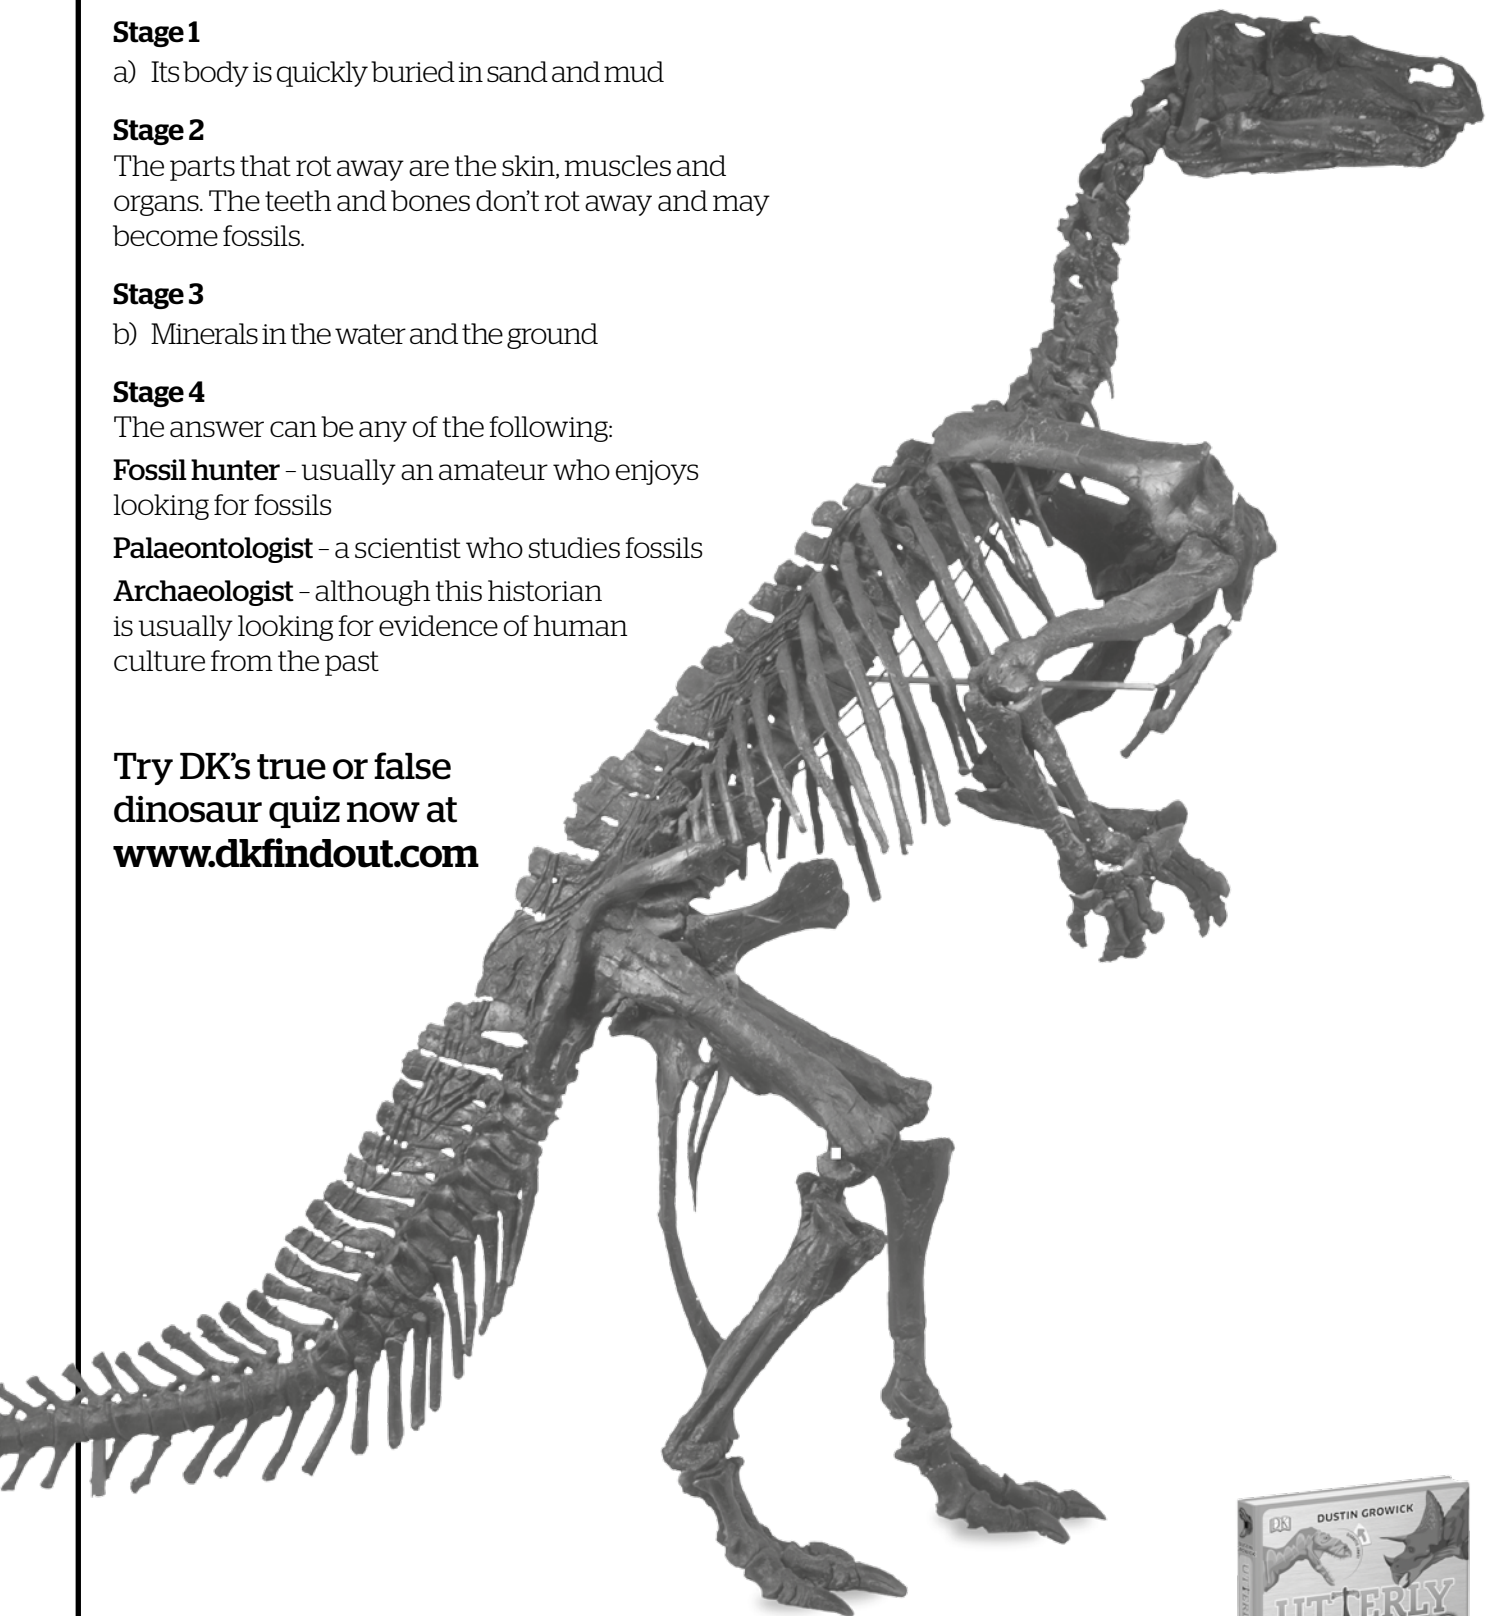

The answer can be any of the following:

Fossil hunter - usually an amateur who enjoys looking for fossils

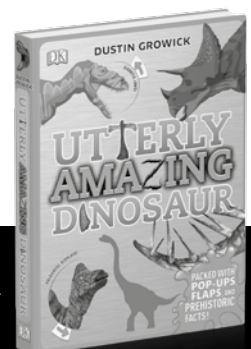

Palaeontologist - a scientist who studies fossils

Archaeologist - although this historian is usually looking for evidence of human culture from the past
